

# SPEED PRO-101 Key Machine

- Machine Footprint  
20" wide x 11" high x 15" deep
- 37 lb (81.4 kg)

- Manual operation
- Unique one-piece jaw alignment system
- Offset carriage for improved viewing during cutting
- 37 lb cast iron machine reduces vibration:
  - Greater cut consistency
  - Longer cutter life
  - Dramatic noise reduction
- Hard alloy "L" style jaw handles make key gripping easy
- Wide jaw spacing accommodates long-large headed keys
- Jaws rest directly on jaw pin for improved tolerance
- Large transparent cutter shield
- Available in 12V / 110V / 220V
- Quick, easy, and precise machine calibration
- Small footprint (less than 10" deep)
- Lateral carriage lever eases cutting process (traditional characteristic of semi-automatic key cutting machines)
- 12-Month warranty
